

# Wheel End Seals

## Gold 38 Series

National® is known for creating the industry's best-kept secret, the Gold 38 Series, made in the United States with an exclusive PTFE compound that withstands extreme temperatures. The Gold 38 Series also includes a unique exclusion design to keep contaminants at bay. Choose National wheel end seals, and move on.

- A** Patented PTFE Lay-Down Bi-Directional Sealing Lip maintains constant sealing during wheel movement
- B** Four floating points of contact and bumper pad that inhibits contaminant entry into the hub
- C** SURE-LOCK I.D. rib technology firmly grips shaft and provides superior contaminant exclusion
- D** Metal O.D. maintains position on hub bore
- E** A unitized shield prevents damage to PTFE oil sealing lip and provides structural integrity
